On Hold Marketing Solutions

80% OF NEW BUSINESS COMES FROM EXISTING CUSTOMERS!

Say you have just 20 calls an hour. This adds up to an extra 160 sales opportunities a day, or 800 over the course of a week. However, out of these calls, 7 out of 10 will be placed on hold, whether it is to transfer a call, ring an extension or transfer to voice mail.

Whilst you have their complete attention, what will you tell them...? Digitel's Marketing On Hold Service offers a unique, tailor made service, designed to help you take advantage of this amazing sales opportunity. By utilising this **On-Hold Time** your client can be informed of seasonal offers and new promotions, opening hours, company history, new products, your web site and much, much more.
