Team Teleworking Tools

For Managers

Team Teleworking Tools

FOR MANAGERS

Thanks to the cloud, managing a distributed team has never been easier. The latest web based project management, information sharing and collaboration tools can build bonds and strengthen your team's effectiveness. And you won't have to involve your IT organization with these cloud-based apps!

Here's a quick roundup of some helpful team productivity solutions.

Asana - Team collaboration and project management tool that is designed to help teams track their work.

Basecamp - Is a project management tool with time tracking, file sharing and messaging.

Bloomfire® - Is a collaboration and information sharing tool, perfect for sales and marketing.

Dashcube - Helps your team communicate contextually without meetings or email.

Insightly - A full-featured project management app, includes CRM and contact management.

Trello - A visual and intuitive project and task management application.

Tracking Employee Performance

Want to keep a closer eye on teleworkers? Try one of these employee performance monitoring and time-tracking applications.

Hivedesk – remote worker time tracking software with graphical activity and productivity reports.

Worksnap – great for monitoring hourly workers or contractors, this tool catalogs user time and activity by application.

MySammy – set and measure employee performance goals and track worker activity.
